### YOUR ADDRESS

The names and mailing addresses of registrants are listed as they appear in the records of the Board. If any of these addresses are not now correct, the Secretary of the Board should be notified in writing as to the correct address. Registrants should keep the office of the Secretary advised as to all changes of address.

March 1 is the final date for Roster listing and November 1 for the correct mailing address for the RENEWAL NOTICE.

A change of address is made **only** at the **request** of the individual. A new return address on an envelope **is not** construed as such a request.

## TO THE PUBLIC

The registration of civil engineers and land surveyors is required by Chapter 284, 1947 Laws of Montana. Under this law individuals who desire to practice are required to demonstrate to the Board of Registration, which is composed of registered civil engineers, that they are competent and trustworthy. The purpose of the law is probably best stated in the words of the 1947 legislature in Sec. 1, as follows:

"In order to safeguard life, health, and property, and to promote the public welfare, any person in either public or private capacity practicing or offering to practice civil engineering in this State . . . shall be required to submit evidence that he is qualified so to practice and shall be registered as hereinafter provided . . ."

### CALL FOR THIS CARD!

#### REGISTRATION CARD

State of Montana  
**BOARD OF REGISTRATION FOR  
CIVIL ENGINEERS AND LAND SURVEYORS**

THIS IS TO CERTIFY, that John Smith  
having given satisfactory evidence of the necessary qualifications  
as required by the laws of the Legislative Assembly of the State  
of Montana has been duly registered and is hereby authorized  
to practice

Land Surveying  
in the State of Montana

IN TESTIMONY WHEREOF, witness the signature of the Chairman  
and Secretary under Seal of the Board.

Chairman

Secretary

The Certificate of Registration No. \_\_\_\_OOS\_\_\_\_ will expire  
December 31, 1955, unless a renewal is issued in accordance with law.

or

#### REGISTRATION CARD

State of Montana  
**BOARD OF REGISTRATION FOR  
CIVIL ENGINEERS AND LAND SURVEYORS**

THIS IS TO CERTIFY, that John Smith  
having given satisfactory evidence of the necessary qualifications  
as required by the laws of the Legislative Assembly of the State  
of Montana has been duly registered and is hereby authorized  
to practice

Civil Engineering  
in the State of Montana

IN TESTIMONY WHEREOF, witness the signature of the Chairman  
and Secretary under Seal of the Board.

Chairman

Secretary

The Certificate of Registration No. \_\_\_\_OOE\_\_\_\_ will expire  
December 31, 1955, unless a renewal is issued in accordance with law.

Individuals who have qualified to practice Civil Engineering or Land Surveying work have one. Some are qualified to practice both. Those who are not qualified do not have one and cannot get one.

The above card is your assurance that the Board has certified the recipient to be properly qualified.

## SEE THAT THIS SEAL IS ON YOUR PLANS

Registrants are required to stamp their seal on all plans, plats, specifications, and reports which are filed with public authorities.

There are many efficient and trustworthy men in the State who are capable of doing essential sub-professional work. These instrument men, rodmen, chainmen, inspectors, and other sub-professional men are assistants and technicians who help the civil engineer and land surveyor in his work. There are also a considerable number of Engineers-in-Training. The latter have demonstrated their knowledge of the theory and fundamentals of civil engineering and are gaining the practical experience necessary to qualify them to take responsible charge of professional work.

Section 22 (f) of the Registration Law specifically exempts employees or subordinates doing civil engineering or land surveying work provided they work under the direct responsibility and supervision of a registered individual.

Each year some of these men have gained sufficient experience and knowledge to perform responsible and professional work and obtain certificates of registration after passing a written examination.

## REPORT TO THE GOVERNOR

Honorable J. Hugo Aronson,  
Governor of Montana,  
State Capitol,  
Helena, Montana

Dear Sir:

In compliance with Chapter 284, Thirtieth Legislative Assembly of Montana, we are pleased to submit herewith the Seventh Annual Report of the Montana State Board of Registration for Civil Engineers and Land Surveyors.

This report covers the activities of the Board during the fiscal year 1953-54 and represents a statement of receipts and expenditures as required by the Law.

The Board wishes to express its appreciation for the co-operation and assistance received from your office and other State Departments.

Respectfully submitted

Montana Board of Registration for  
Civil Engineers and Land Surveyors

A. E. ADAMI, Chairman

E. R. DODGE, Secretary

**SEVENTH ANNUAL REPORT  
TO THE GOVERNOR  
MONTANA STATE BOARD OF REGISTRATION FOR  
CIVIL ENGINEERS AND LAND SURVEYORS**

The practice of Civil Engineering and Land Surveying was subjected to the control and regulation of the State of Montana by Chapter 284 Laws of Montana, 1947, which was approved March 11, 1947, and pursuant to law became effective July 1, 1947.

The purpose of such control and regulation by the State is to safeguard life, health, and property, and to promote the public welfare. Under the provisions of the registration law any person in either public or private capacity practicing or offering to practice civil engineering or land surveying in Montana is required to submit evidence that he is qualified so to practice and is required to be registered as provided in the law.

During the fiscal year 1953-54 five Board meetings were held as follows:

**Board Meetings 1953-54**

July 16, 1953 .....	Helena
October 24, 1953 .....	Butte
Jan. 30, 1954 .....	Bozeman
April 17, 1954 .....	Bozeman
June 5, 1954 .....	Helena

A total of 112 applications for registration were considered at these meetings as shown in the accompanying Table 1. Table 1 also shows the Board actions taken on each application. It is seen that 44 civil engineers and/or land surveyors were approved for registration during the year and that 12 individuals were also certified as engineers-in-training. The majority of the new applications received were from out-of-state residents who desire to practice in Montana in connection with the expanding oil industry. All of these persons have been previously registered in their home states.

**TABLE 1**

BALANCE 7/1/53 .....	\$7,885.85
Difference .....	519.08
BALANCE 7/1/54 .....	\$7,366.77

As provided in the law, the Board has the power to revoke the certificate of registration of any registrant who is found guilty of "the practice of any fraud or deceit obtaining a certificate of registration; any gross negligence, incompetency, or misconduct in the practice of civil engineering or land surveying as a registered civil engineer or land surveyor."

Any person may prefer charges against any registrant but such charges must be in writing and shall be sworn to by the person making them and filed with the Secretary of the Board.

On April 17, 1954, Mr. David Werner of Livingston, Montana, appeared before the Board and caused to be filed written sworn charges against William M. Butler, Registrant No. 98 ES, charging incompetency and negligence and requesting that his

license be revoked. In accord with the law a public hearing on these charges was scheduled and held on June 5, 1954, in the Senate Chambers of the State Capitol at Helena. At this hearing the Board received all of the evidence offered by the Complainant and witnesses, all of whom testified under oath. Upon conclusion of the hearing the complaint was taken under advisement by the Board and as of June 30 the status remained the same.

Since the purpose of the law is to protect and promote the public welfare it is essential to enforcement of the law that individuals who know of incompetency or malpractice file written and sworn charges with the Board. The Board assures you and the people of Montana that it will endeavor to the best of its ability to enforce the law in the public interest which requires that unqualified and incompetent persons be prevented from practicing.

FOR: MONTANA STATE BOARD OF REGISTRATION FOR  
CIVIL ENGINEERS AND LAND SURVEYORS.

By: \_\_\_\_\_  
A. E. Adami, Chairman.

\_\_\_\_\_  
E. R. Dodge, Secretary.

## THE NATIONAL COUNCIL OF STATE BOARDS OF ENGINEERING EXAMINERS

The national Council of State Boards of Engineering Examiners, founded on November 8, 1920, of which Montana is a member, is an advisory and coordinating agency established primarily to assist State Boards of Registration for Professional Engineers in a cooperative effort for more efficient and uniform administration of state registration laws. Its functions and activities include the certification of engineers, jointly with State Boards, for registration by endorsement; and service to State Boards, engineering societies and individual engineers as a national clearing house and information bureau for matters pertaining to the legal registration of professional engineers.

The National Bureau of Engineering Registration is operated as a function of the National Council of State Boards of Engineering Examiners, under the direction of a standing committee of the Council, with an Advisory Board of representatives from national engineering societies. It was established primarily to minimize the effort and expense of engineers desiring to secure registration in more than one state. The Bureau also constitutes a clearing house for state registration authorities, societies and others acting as a reliable source of verified information regarding professional records of engineers.

Engineering registration laws in some form are in effect in all states, District of Columbia, and in three territories of the United States—Hawaii, Puerto Rico and Alaska. Practically every Engineering Registration Board is a member and all Boards participate in the activities of the National Council of State Boards of Engineering Examiners.

Information in regard to the activities of the National Council and the work of the National Bureau of Engineering Registration may be obtained by writing to:

THE NATIONAL COUNCIL OF STATE BOARDS  
OF ENGINEERING EXAMINERS
